

Welcome Letter

Dear Parents,

Thank you for your interest in Legacy Academy. It is a challenging time to raise children in a culture that is rapidly changing and creating many new challenges our children will have to face. Yet we know that with the proper effort and God's help they can be well prepared for anything that may come their way. We want to help you prepare them in a loving and caring environment focused on strong academics and the development of character. For a decade now, Legacy Academy has been partnering with parents to provide students an excellent education, a Christ-center focus on character development, and a safe environment. Such a foundation and good character will navigate your child for a lifetime.

Environment matters. We purpose to establish a safe, nurturing, and healthy environment to provide your child appropriate encouragement and challenge. Academically your child is exposed to rigorous curriculum, foreign language at every grade level, and a commitment to the art and enjoyment of learning. A small class-size helps ensure your student receives an appropriate level of attention.

Focusing on the whole child, we are committed to helping you build strong character and moral excellence in your student.

As you consider the course of action for educating your child please feel free to contact us with any question that may arise. We hope you will envision a place for your child at Legacy Academy. In addition, our scholarship program for students in grades K and up (application enclosed) ensures that the program can be made affordable for everyone.
